

Ray Foster Dry Model Trimmer

Catalog MTD1
Dry Model Trimmer

Produce high quality, precise models without water.

When dry trimming of stone models is required, as with refractory investments, or preferred, the Ray Foster Dry Model Trimmer is the right choice.

Features:

Rigid cutting surface gives a flat, smooth finish

Simplified mechanics (no noisy pulleys or belts) results in a smooth running, quiet machine

Uses fast cutting PSA abrasive discs

Heavy-duty, capacitor-start, 1/3 HP motor

Adjustable work table

Six foot hose and four additional abrasive discs included

Self contained model trimming system when connected to the Ray Foster Cyclone Dust Collector

Proven Ray Foster quality and durability
